- Decrease traffic
- Enhance the economic vitality
- Provide transportation options

Transportation Demand Management (TDM) Policy

City of West Palm Beach
Bicycle Parking Rack Sponsorship

Change Gears

Support our community and your business by donating bike racks.

The City of West Palm Beach is looking to strategically place bicycle parking racks throughout the downtown area, making the area one better for supporting the bicycle riding public. Contribute to the program and help the city install bicycle racks near your business to provide parking options for your customers and employees and make West Palm Beach a more environmentally friendly city.

For as little as \$100, the city will obtain and install a bicycle rack near your business. We may also choose to sponsor a rack at key locations throughout the city.

A website, commercial photos will be attached on the bike rack to acknowledge the business who support the installation!

Change Gears and call today to reserve your location. Please contact Ellen Ottensmeyer, the City of West Palm Beach Transportation Management Solutions Administrator, at 561.252.9154.

City of Boca Raton Transportation Management Initiative

CITY OF BOCA RATON TRANSPORTATION MANAGEMENT INITIATIVE

City of Boca Raton TMI

Boca Moves Transportation Forum— City, County and State officials along with citizens participated in a breakfast forum to discuss transportation issues within the City of Boca Raton. There were 135 attendees.

- Bikeopolis** encouraged residents, employees, and Palm Beach students to bike during the month of May
- Over 100 adults and 75 students participated

Reward Your Ride Promotion encouraged employees within the City to carpool for a period of three months. 175 commuters participated in the promotion.

Planning Activities

- District 4 enhanced its efforts by developing a planning component into its TDM activities
- Efforts included:
 - review of Transit Development Plans, Park-n-Ride Studies and DRI's
 - developed TDM Checklist for Review Process
 - assisted with developing Safe Routes to School applications for grant funding
 - assisted with application for 95 Managed Lanes grant

Partnerships

- Tri-Rail and SFCS implemented “**Bike Locker Registration**” at the Yamato Tri-Rail station with 15 lockers being registered
- PalmTran along with SFCS researched the possibility of adding an “**On Demand**” service with “**The Link**” to western communities in Palm Beach County
- SFCS and South Florida Vanpools developed a “**Ride for a Month Free**” promotion

Broward County Transit Articulated Bus Launch

- Main objective was to **successfully launch the BCT Route 18 Articulated Bus** launch in March 2007
- A public relations effort was put forth to **promote the new expanded bus route**
- The **Miami Herald and Sun Sentinel covered the launch** with newspaper articles
- An event kick-off was held March 22, 2007 in which public officials, general public and media personnel were invited totaling **over 40 attendees**

Commuter Challenge

Frustrated by Traffic and Gas Costs?

Pledge to take the Commuter Challenge
Thursday, May 17th, 2007

www.yridealone.com
1.800.234.RIDE (7433)

Y Ride Alone

Are you tired of driving alone to work every day but not reaping the benefits? Benefits include:

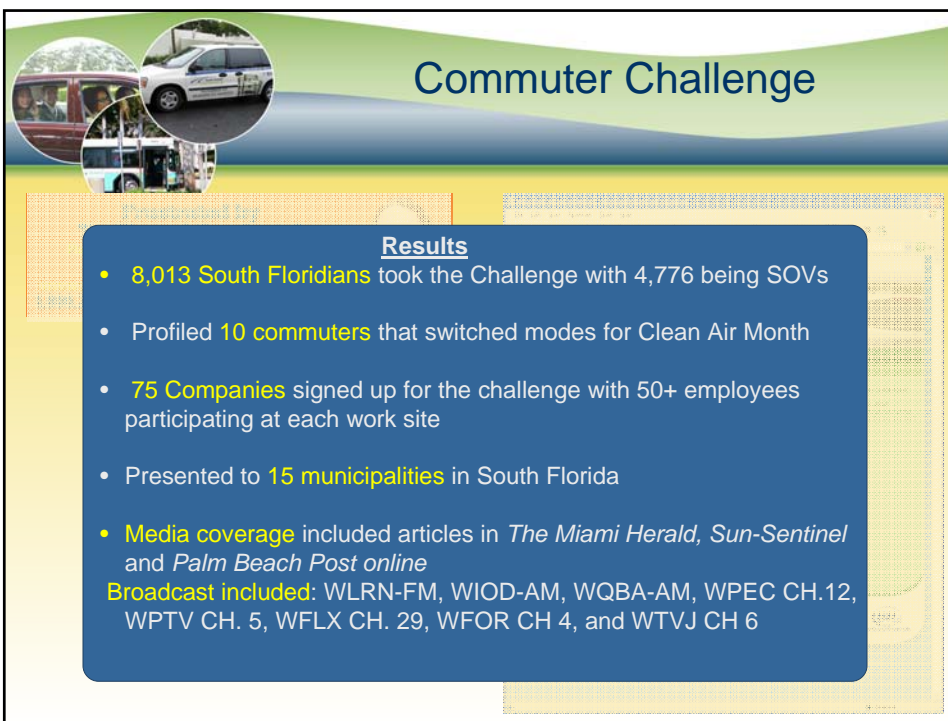

- Faster cars means less traffic, pollution & greenhouse gases
- CO₂ emitting cars by up to 30%
- Reduce wear & tear on your automobile

Did You Know...
The annual cost of traffic congestion in South Florida is between \$1.2 billion with an average of \$100-\$150 per household per year. South Florida commuters average 53 hours in traffic per year.

What Can You Do...
Consider some of the actions below on how you can combat this growing crisis in South Florida:

- Consider a Compressed Work Week or Telecommuting
- Walk to Work if possible
- Carpool / Rideshare to commute to & from work

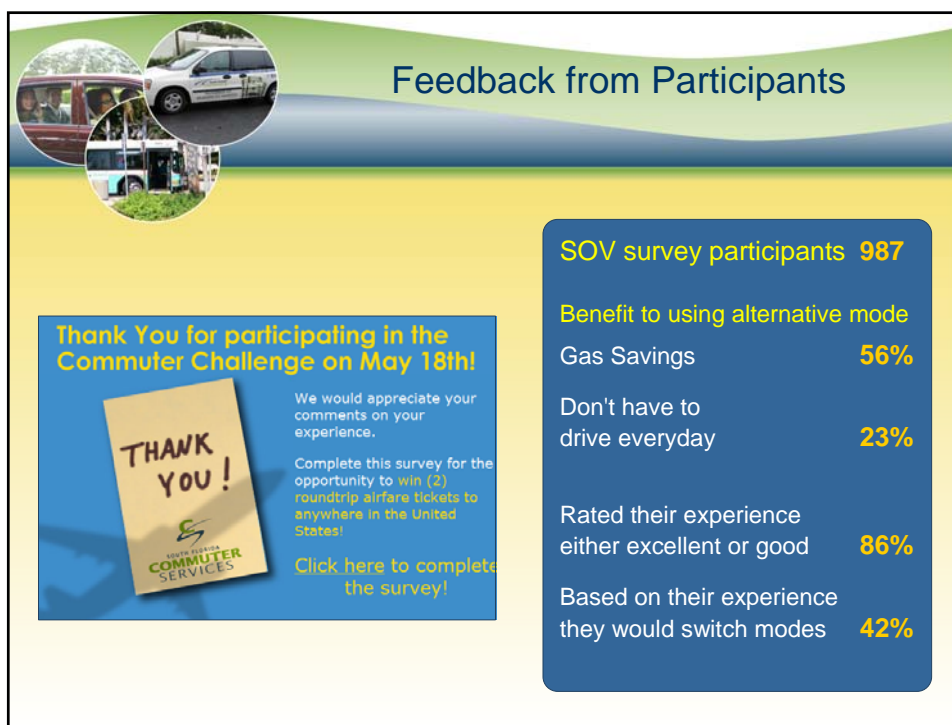

Logos for Broward Transit, Metrorail, Tri-Rail, Palm Tran, Vanpool, and 511.

Commuter Challenge

Results

- **8,013 South Floridians** took the Challenge with 4,776 being SOVs
- Profiled **10 commuters** that switched modes for Clean Air Month
- **75 Companies** signed up for the challenge with 50+ employees participating at each work site
- Presented to **15 municipalities** in South Florida
- **Media coverage** included articles in *The Miami Herald*, *Sun-Sentinel* and *Palm Beach Post online*
Broadcast included: WLRN-FM, WIOD-AM, WQBA-AM, WPEC CH.12, WPTV CH. 5, WFLX CH. 29, WFOR CH 4, and WTVJ CH 6

Feedback from Participants

SOV survey participants 987

Benefit to using alternative mode	
Gas Savings	56%
Don't have to drive everyday	23%
Rated their experience either excellent or good	86%
Based on their experience they would switch modes	42%

Thank You for participating in the Commuter Challenge on May 18th!

THANK YOU!

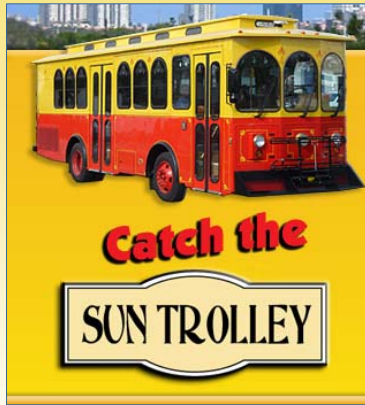

SOUTH FLORIDA COMMUTER SERVICES

We would appreciate your comments on your experience.

Complete this survey for the opportunity to win (2) roundtrip airfare tickets to anywhere in the United States!
