LYMMO EXPANSION
Two new LYMMO lines will be added in spring and summer 2014 to serve Downtown.

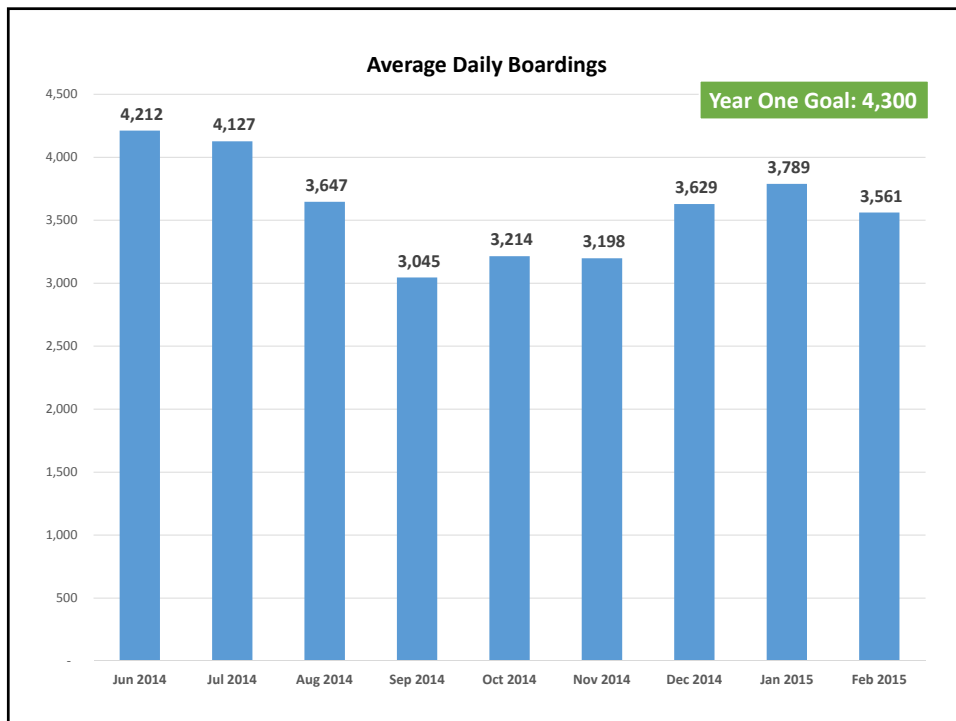

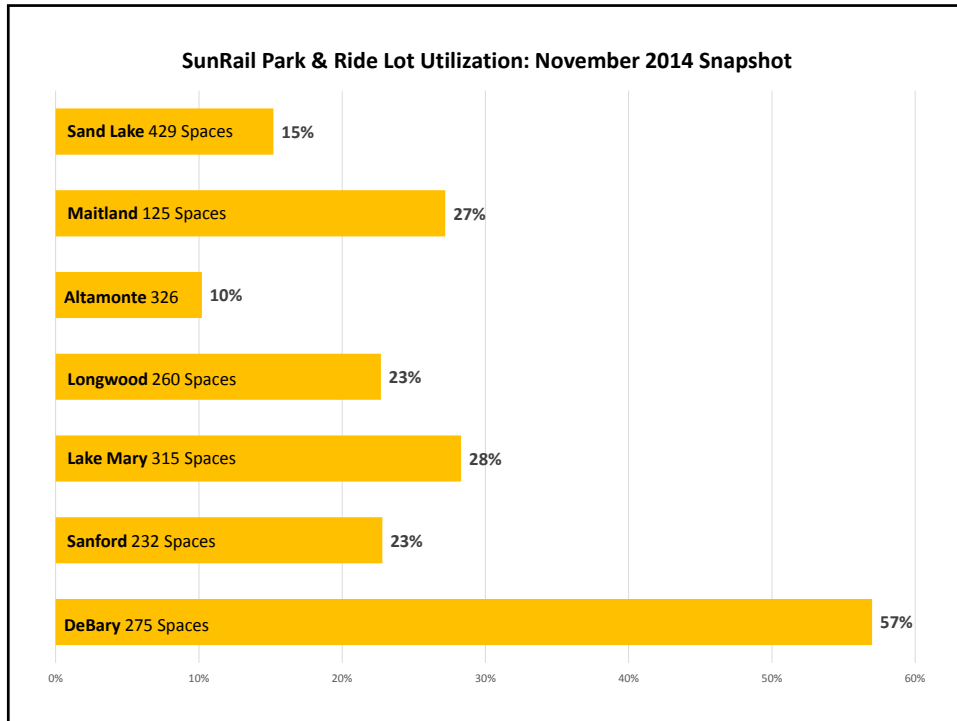

SunRail

- **Opened May 1, 2014**
 - First two weeks were free (ticket vending machines)
 - Evening trip scheduled adjusted by 15 mins
 - Late train trip added December 22
 - Partners have sponsored additional weekend service for special events

The map shows the SunRail network in the Denver area. Phase 1 is the central blue line connecting Union Station to the south. Phase 2 North is the orange line extending north to the airport. Phase 2 South is the orange line extending south to the suburbs. A legend in the bottom right corner defines symbols for Stations, Parking Provided, Maintenance Facility Option, Layover Facility Option, Phase 1 Alignment, Phase 2 North Alignment, and Phase 2 South Alignment.

VANS, VANS AND MORE VANS!

This year, we saw a record number of new vanpools form across Central Florida. reThink was integral in recruiting and connecting vanpool partners, as well as securing vehicles for groups to use. Usage is anticipated to keep climbing as employers prepare for big moves – like the Orlando VA Medical Center relocating to Lake Nona. Thanks to our transit partners LYTX, Votran and Space Coast Area Transit, the increased demand was met, and more vans are on the road today.
